PROFILE

Detail-oriented Full-Stack Web Developer (MERN Stack) with hands-on experience in building scalable full-stack applications, responsive dashboards, and RESTful APIs using React, Node.js, Express, and MongoDB. Proven ability to implement end-to-end data management features and operations, optimize performance, and collaborate effectively in Agile development environments.

EXPERIENCE

Web Developer Intern — GRAS tech, Noida (Sep 2025 – Dec 2025)

- Enhanced 5+ responsive web modules using React.js and Tailwind CSS, improving UI consistency and usability.
- Built and integrated server-side integrations using Node.js and Express.js for secure data handling.
- Implemented complete CRUD operations and streamlined application performance through reusable components.
- Collaborated with cross-functional teams following Agile methodology, enhancing project delivery efficiency.

PROJECTS

AKR University Management System | Full Stack Intern (MERN) (Nov 2025 – Dec 2025)

- Built a full-stack university management system using MERN stack as part of an internship project.
- Expanded responsive styled UI using utility-first CSS and component libraries.
- Created backend APIs using Node.js and Express.js with MongoDB for secure data handling.
- Improved performance using lazy loading, search, filtering, pagination, and reusable components.

IT Hospital Project Internship — MERN Stack (Sep 2025 – Oct 2025)

- Designed a fully responsive hospital admin dashboard using React, Tailwind CSS, and Material UI.
- Implemented create, manage, and update data workflows functionality with Axios-based API integration.
- Developed secure API endpoints using Node.js, Express.js, and MVC architecture.
- Integrated MongoDB with Mongoose for scalable and structured data management.

EDUCATION

Diploma in Computer Science & Engineering

- Government Polytechnic Chopan, Sonbhadra (2022–2025)
- Ranked among Top 5% of the batch

SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, Material UI

Backend: Node.js, Express.js, RESTful APIs, MVC Architecture

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman, MongoDB Compass, Vercel

ACHIEVEMENTS

- Runner-up in Olympiad Exam Competition.
- Runner-up in Coding Competition among 2000+ participants.

CERTIFICATIONS

- Summer Training in PHP with MVC – Oct 2024
- Web Designing – Feb 2024
- Core Java Certification – Jun 2024
